Dear Captain Blair,

SANDRINGHAMS VH-BRC, VH-BRF

Following your telephone conversation with me at the beginning of the year our Inspection Department have gone back into the files in order to track down the history of your two aircraft. The results have not however been encouraging as the records were originally held in England and when the Company was transferred to Northern Ireland about 24 years ago much of the original documentation got lost or destroyed.

It should however be possible to provide some information of a technical nature concerning overhauls and methods of replacing components. In view of the records kept by the previous owners you may already have sufficient information but if there is any question or query please do not hesitate to contact us.

For your information I enclose a profile of the current work-load of the Company which although no flying-boats are mentioned does not mean we've forgotten them.

Yours sincerely

J J H Morrell
PA to Managing Director
