

Purchased this slide of VS-44 "Excambian" sitting on its cradle at the St. Thomas seaplane ramp along Veterans Drive, Charlotte Amalie. Once I was the successful bidder, I saved the image from eBay and posted to AAB website. Once I received the slide, I would scan and edit for best quality.

While awaiting delivery, I received the message below.

New message from: [airport-f](#)

Hello....

Sent you full credit for your slide...Post Office damaged it...They just sent back part of the envelope, but they didn't send back the slide...Very sorry for their mistake...
