

Procedure No. 4.5 SCHEDULE OF RATES AND CHARGES

Approved by Ross Higashi

Effective Date: 10/11/2019

Historical Note:

This procedure supersedes Procedure No. 4.5 dated December 27, 2018.

The rates and charges in this procedure shall be implemented on November 1, 2019.

4.5.01 PURPOSE

The purpose of this procedure is to establish a schedule of rental rates and charges for the use of facilities and services of the public airports operated by the state Airports Division.

4.5.02 POLICY

It is the policy of the state Airports Division to establish reasonable rental rates and charges for the use of facilities and services at public airports and to periodically revise the rental rates and charges to be comparable with rental fees charged for similar facilities and services.

4.5.03 APPLICABILITY

This procedure applies to the Property Management and Land Acquisition Staff of the state Airports Division and users of state Airports Division facilities.

4.5.04 PROCEDURES

A. Definitions

1. "Aircraft operator" means the owner of an aircraft or any employee of such owner or any person who has the authorized use of such aircraft for the purpose of its operation.
2. "Aircraft storage area" shall mean and include any portion of a public airport, designated temporarily or permanently by the state Director of Transportation, that may be used for the outside storing of aircraft, for the servicing of aircraft with fuel, lubricants and other supplies, and for the making of minor or emergency repairs to aircraft.
3. "Aircraft transient parking area" shall mean and include any portion of a public airport, designated temporarily or permanently by the state Director of Transportation, that may be used for the parking of transient aircraft for the servicing of transient aircraft with fuel, lubricants and other supplies, and for the making of minor or emergency repairs to aircraft.
4. "Airport-Airline Lease" means a lease executed by an operator of aircraft and the state Department of Transportation under which the aircraft operator is obligated to pay airport use charges.
5. "Approved maximum landing weight" means the maximum landing weight for an aircraft as authorized in the Airplane Flight Manual by the Federal Aviation Administration. If the aircraft is registered in a foreign country and has not been certificated by the Federal Aviation Administration, the approved maximum landing weight is the maximum landing weight certified by such foreign country.
6. "Commercial Business from a T-Hangar" means any activity conducted from or within a T-Hangar in support of a for profit aeronautical business, regardless of whether the business transactions are conducted from the T-Hangar. Such business shall be subject to a commercial rate. Examples

include, but are not limited to, the following:

- a. ABC Aviation operates a for profit aeronautical business, which include, but are not limited to, an Aircraft and Charter Service, Aircraft Maintenance and Repair, or Flight School at a public airport operated by the state Airports Division. ABC Aviation stores and maintains its aircraft used for business in a T-Hangar but conducts all business transactions from another location. Based on this definition, ABC Aviation is conducting a Commercial Business from a T-Hangar and is subject to the commercial rate.
 - b. KLM Aviation operates a for profit aeronautical business, which include, but are not limited to, an Aircraft and Charter Service, Aircraft Maintenance and Repair, or Flight School at a public airport operated by the state Airports Division. KLM Aviation conducts the aeronautical business within a T-Hangar. Based on this definition, KLM Aviation is conducting a Commercial Business from a T-Hangar and is subject to the commercial rate
 - c. XYZ Aviation owns a veterinary business on the Island of Oahu and the Island of Maui. XYZ Aviation does not offer a for profit aeronautical business at any public airport operated by the state Airports Division. XYZ Aviation stores an aircraft at the Daniel K. Inouye International Airport, and commutes to and from Kahului Airport for work ONLY. Based on this definition, XYZ Aviation is not conducting a Commercial Business from a T-Hangar and is not subject to the commercial rate.
7. "Large aircraft" (Air Carrier) means aircraft operated by commercial passenger or cargo transport air carriers holding a certificate of public convenience and necessity.
 8. "Large aircraft" (General Aviation) means an aircraft weighing more than 12,500 pounds maximum certificated landing weight, or a rotor wing aircraft with a rotor blade diameter of 37 feet or larger. Any Large General Aviation aircraft, when operated under FAR Part 91, Part 135 or following Part 119, shall fall into the Large General Aviation category.
 9. "Passenger landing" means landing at a public airport in the state airport system by an aircraft carrying principally passengers (including corporate aircraft landings).
 10. "Small aircraft" (General Aviation) means an aircraft of 12,500 pounds or less maximum certificated landing weight or a rotor wing aircraft with a rotor blade diameter of less than 37 feet.
 11. "Transient aircraft" is any aircraft which utilizes the airport for occasional temporary purposes, generally no longer than seven days, and which is based at another airport and is not assigned a reserved tie-down, hangar or storage location at the airport.

B. Governmental and Other Exemptions

The schedule of rental charges for public aircraft operations and public aircraft parking and storage areas at state airports shall not apply to the following:

1. At all airports developed with federal aid, airfield facilities for landing and takeoff of aircraft will be available to the Government of the United States of America (U.S. Government), without charge for use by military aircraft in common with other aircraft, except that if the use by military aircraft is excessive and substantial, the cost of operating and maintaining facilities so used, may be charged to the U.S. Government. The amount of use to be considered "excessive and substantial," and the rental charges to be paid by the U.S. Government shall be determined jointly by the state Department of Transportation and the using federal agency.
2. Aircraft operated by the Federal Aviation Administration, U.S. Coast Guard, Civil Air Patrol, or the state Department of Transportation.

C. Payment

The payment of airport rental fees and charges shall be made at the Airports Division, Department of Transportation, Daniel K. Inouye International Airport, Honolulu, Hawaii 96819; or any of its representative offices located at Hilo International Airport, Hilo, Hawaii 96720; Ellison Onizuka Kona International Airport at

Keahole, Kailua-Kona, Hawaii 96740; Kahului Airport, Kahului, Hawaii 96732; or Lihue Airport, Lihue, Hawaii 96766.

Per day \$ 1.70 per 1000 lbs.

- f. Large general aviation aircraft
(Kawaihapai Airfield, Kalaeloa, Waimea-Kohala, Hana, Upolu and Port Allen Airports only)

Per day \$ 1.70 per 1000 lbs.

- g. Large aircraft (Air Carrier)

Per day \$ 1.70 per 1000 lbs.

2. Daily rates apply to all aircraft parked in excess of four hours on the ramp, storage spots, or any other designated area. Aircraft stored on airport property under a revocable permit shall be charged the aircraft transient parking rate when operating as a transient aircraft at another airport other than where the aircraft is permanently based or domiciled.

F. Airport System Fees and Charges

Any aircraft operator who is a party to an Airport-Airline Lease, landing at a state airport shall pay airports system fees and charges as established by the First Amended Lease Extension Agreement effective as of January 1, 2008, or superseded by a new Airport-Airline Lease.

Any aircraft operator who is not a party to an Airport-Airline Lease, landing at a state airport shall pay airports System fees and charges as established by Hawaii Administrative Rules of the Department of Transportation or Hawaii Revised Statutes.
