Dear Ms. Plotts:

As you are aware, on the evening of January 28, 1987, the Federal Bureau of Investigation called upon the people and facility of Hemmeter Aviation at the Honolulu International Airport for support during a very sensitive situation involving former Philippine President Ferdinand Marcos. This matter has generated national as well as international attention through the media and will continue to do so as long as the "status quo" remains the same.

I am writing to express my sincere appreciation to you and your staff at Hemmeter Aviation, in particular Thomas P. Anusewicz, who was thrust into the unenviable position of being the "man on the spot" while he was filling in at Hemmeter Aviation in Honolulu for one of his contemporaries. The cooperation provided by Hemmeter Aviation and the professionalism displayed by your personnel made our task much easier to deal with at the time of the immediate situation.

It has been a pleasure working with your people and the pledge of continued support and assistance is very reassuring.

Very truly yours,

EUGENE F. GLENN
