We're
proud

In July, Circle Rainbow Aviation proudly served as the ground handler for Sony Corporation and Sony Aviation, Inc. in Honolulu and Kona. The 1998 Sony Global Marketing Partners Conference was held at Keahole, Kona.

The Sony Open in Hawaii

The PGA Tour has awarded the Sony Corporation title sponsorship of the inaugural Sony Open in Hawaii.

The tournament is scheduled for January 11-17, 1999 at Waialae Country Club and immediately follows the Mercedes Championship that will be held in Kapalua on Maui, January 4-10. This scheduling, with the potential of having more than 30 of the 1998 PGA Tour tournament champions at our event, and the involvement of Sony and the Friends of Hawaii Charities (FOHC) are key ingredients to a very exciting event. Hosted by FOHC, proceeds from the Sony Open in Hawaii will be contributed to non-profit organizations and directly benefit Hawaii's children and youth.

Circle Rainbow Aviation is proud to announce that this past April, **Amy Kaleikini Snyder** became the Managing Director of Corporate Aviation Services. Amy first joined our team in 1995 as Manager of our Maui Station. As a result of her excellent performance, she was highly complimented by our Maui customers. In 1997 she was promoted as Statewide Customer Service Manager at the company's Honolulu facility. Amy has worked in all facets of the aviation service business, ranging from FBO's on all of the islands, to customer services with America West and Aloha Airlines, and immediately before Circle Rainbow, serving as a key component of Hawaiian Airlines In-Flight department for 20 years. Amy's dedication to customer service, coupled with her strong aviation background makes her a natural for meeting the challenge of providing all our valued customers the professional Circle Rainbow touch that they have come to expect... **Alan K. Tanaka** has been with Circle Rainbow since August 1992, and is fuel system mechanic with the Hawaii Air National Guard since August 1997. His position with Circle Rainbow is Lineservice Technician Manager for all islands... **Staci Brown** has been with Circle Rainbow since July 1997. She began her aviation career in 1986 with Hawaii Pacific Helicopter and on to Papillon Helicopters from 1983 to 1988. At Circle Rainbow, she was recently promoted to Customer Service Manager.

Taking notice

When operating in the Hawaiian Islands, we always use Circle Rainbow Aviation. **Nicole Kerney**, Circle's roving Customer Service Ambassador accompanied by a very able line service technician spends many hours transiting between Oahu and Kauai to meet our flights, sometimes waiting patiently all day when we are delayed. We can always expect a bright friendly welcome and quick helpful service at the end of a long trip. Circle Rainbow provides that same excellent service in Honolulu and other major island locations. I recommend a visit to beautiful Hawaii and Circle Rainbow to visit Nicole, Amy, Staci, Alan, Baron, Tony and the rest of their staff.
