Dear Aircraft Owner:

The Federal Aviation Administration has established a requirement to re-register all aircraft issued registration before October 1, 2010, by amending 14 Code of Federal Regulations, Part 47, as published in the Federal Register on July 20, 2010, page 41968. The amendment also provides that aircraft registrations issued on and after October 1, 2010, will expire after three years. These changes will keep the U.S. Civil Aircraft Register up-to-date, to provide reliable support to users of the registration system.

The registration of the aircraft shown above expired on December 31, 2011. The aircraft's registration and airworthiness certificates no longer support operation of the aircraft. The assigned N-number is no longer authorized for use and cancellation of its assignment to this aircraft is scheduled for 60 days from the date of this notice.
