

GAR WOOD'S PLANE ARRIVES IN MIAMI

Gar Wood's Fokker amphibian was berthed at its Viking base today, but it took C. A. "Duke" Schiller, pilot, two weeks to get it here from Detroit.

With Schiller on the flight were Mrs. Schiller and M. Vandenberg, mechanic.

- They were obliged to lay over a week at Buffalo on account of poor flying weather, the pilot reported on his arrival here Wednesday.

They spent a day in New York, two days in Norfolk, a day in Charleston, S. C., and then encountered more delays over the southern Atlantic seaboard on account of smoke.
